

HUNTLEY STINGRAY SWIM TEAM

Volunteer Job Descriptions

Announcer: Read off the program what races are coming up and announce what things are for sale, etc.

Timers: Two timers are needed for each lane (6 lanes). You work half of the meet. Timers use stopwatches for the start and finish of a race. This is a great job because it allows you a front row view of the meet!

Ribbon Writers: After races are completed the results are printed on small stickers. You must put each sticker on the appropriate colored ribbon. This job usually starts in the second half of the meet and continues until the very end of the meet.

Bull Pen: Home Meets: Must gather all 12 & Under racers at the benches at the far side of pool (behind the diving boards). There are about 4-5 events sitting on the benches before their race starts so the meet goes quickly and smoothly. Harried job, but you get to know all the younger team members.

Away Meets: Just one or two people organize the 12 & Under to be in proper place.

Duck Ticket Sales: Approach every person at the meet, no matter whether home or away parents, to purchase tickets for the Duck Race.

Spirit Wear Sales: Work table for all Spirit wear.

Photographer: Take pictures of races, kids, and any other fun photos. All photos would need to be placed on a CD for the end of the season.
