Committee of the Whole

A discussion was held regarding the Golf Entertainment project, where designs were presented and direction was provided. Updated color scheme was requested and a review of the project delivery method (with or without Construction Manager vs. General Contractor was requested).

A discussion was held about the Stetson Park design update regarding porta potty location. Ultimately, it was decided not to put a porta potty here based on limitations of street views as indicated by the Village of Huntley and other alternatives that would have moved the proximity of a porta potty to the center of the park, closer to homes and further from the street (requiring the service truck to drive through the park). This is similar to Cottontail Park that does not have a porta potty for similar reasons.

Executive Director, Crowe and Director of Parks and Facilities, Wesley Peete, gave an update on the following projects: **Weiss Park, Paving, and Tomaso**
