## Welcome to Seedlings Preschool

Our Seedlings Preschool program is for 3–5-year-old early learners.

Seedlings Preschool follows a play-based curriculum. This focuses on developing social skills along with self-awareness and the fundamentals of colors, shapes, numbers and more. This program is not licensed or regulated by DCFS.

Our activities address the social, physical, cognitive, emotional, language development and self-help needs of young children. With the support of amazing Park District facilities, parks, and amenities there is so much for your children to explore!

Play is the work of a child. Meaningful play encourages curiosity, discovery and problem solving. In our classrooms, you will find busy, happy and sometimes noisy children engaged in math, literacy, science, art, music and small motor activities. Our school uses the Letter People program, a puppet-based program, with all classes to help children learn the alphabet and letter sounds. As the children work and play, our college-educated teachers focus on the individual growth and self-esteem of each child.

### Proper Attire for Seedlings Preschool

**Students must wear a face covering indoors, unless eating. Masks do not need to be worn outdoors.** Please, keep in mind that your child will be involved in all kinds of play, some of which will involve messy materials. Clothing should allow for active games each day.

Weather permitting children will head outside to play on Connie's Playground. Please send your child with appropriate clothing for the weather.

### What not To Bring to Preschool

Other than required items such as backpacks, no other fabric items should be brought to the program. Toys are not permitted, and other personal belongings should remain at home as much as possible. Please ask the staff for direction if there is a specific item, you'd like your child to bring.

### Snacks

Please provide a snack and drink daily for your child.

Classes are not "peanut free." Please inform staff if your child has a peanut allergy and fill out an *Allergy Action Form* and we will make an appropriate accommodation.

If your child requires medication at mealtimes, you must provide a *Permission to Dispense Medication Form* so staff can monitor and administer medication appropriately. Children may not take medication without this form.

### Photographs

Photos and video footage are periodically taken of people participating in Park District activities, attending a class or event, or using District facilities or property. Please be aware that by registering for an activity, participating in an activity, attending an event, or using District facilities or property, you authorize the District to use these photos and video footage for promotional purposes in District publications, advertising, marketing materials, brochures, event flyers, social media, and the District's website without additional prior notice or permission and without any compensation to you. All photos and videos are property of the District.

## HEALTH, SAFETY, AND MEDICAL ACCOMODATIONS

Please complete the Participant Information Form and any additional allergy, asthma, or permission to dispense medication forms if necessary. These must be completed before the first day of school.

Provide your students vaccination records to the front desk. This form can be found on our website.

### First Aid Procedures

In cases of minor injury, the staff will administer simple first aid. Parents won't be notified for all minor incidents that occur, staff will treat and resume activities. Parents will be notified for more serious injuries and illness that interfere with participation for an extended period of time. For more serious injuries requiring medical attention, the staff will call 911 and contact the parent(s) immediately. If neither parent can be reached, the staff will try to reach the emergency contact person specified on your participant form.

### Sick Procedures

Since we are unable to take care of a sick child, we ask that you be especially aware of impending illness. Parents will be called to come pick up their child if the child is vomiting, has a fever, or diarrhea. **They will also be sent home if exhibiting any currently recognized symptoms of COVID-19 as defined by the CDC and IDPH.** You must take your child home if they exhibit signs or symptoms of illness or when their needs require prolonged individual staff attention. Staff is required to report any cases of communicable diseases to the local board of health. Such reports shall include the name and home address of any individual in the program known to have or suspected of having a communicable disease. **Please do not send a sick child to class. If you are not sure please keep your child home and contact your child's physician for additional guidance.**

**Please see Page 9 for the daily health assessment.**

### Head Lice

Please assist us with this reducing the risk of contracting head lice by following these few simple guidelines below:

1. Remind your child to not share combs/brushes.
2. No sharing hats.
3. Check your child's head daily.
4. Notify the Site Supervisor immediately if problem exists.
5. Begin treatment right away. (Recreation Supervisor can provide written information on treatment of head lice.)

### Environmental/Medical Accommodation Procedures

Special accommodations include conditions that require emergency medications. This can include, but is not limited to, diabetes or severe allergies of which these conditions require insulin or an Epi-pen. If the request along with all needed documentation is not presented to the Park District in a timely manner, participation within the activity can be delayed or denied.

### Medication Procedures

The Huntley Park District recognizes that participants may require the consumption or administration of both prescription and non-prescription medications to maintain health. We require you to fill out the *Permission to Dispense Medication Form* before any medication will be accepted. These forms should be completed before the first day of attendance. Medicine should be brought to school and given to your teacher. Medication will be secured and administered by the staff daily.

### Allergies/Asthma

If your child has a severe allergy (nuts, bee stings, etc.) and/or if there is a prescribed EpiPen, please complete an *Allergy Action Plan*. If your child has Asthma and may need to use an inhaler, please complete and *Asthma Action Plan*. These forms can be found at our registration office.

### Inclusion Request Procedure

If you believe a one-on-one aide is needed to support an individual within a Huntley Park District activity you can indicate that when you register. When registering online you will be asked the question "Does the participant have a special need?" This question is used for a variety of requests including one-on-one aides, medication needs, allergy needs, or other special accommodations. When you answer this question, this will prompt a staff person to reach out to you. An accommodation will be considered after a conversation with the parents of the participant and if necessary medical notes and a formal assessment by our partner agency Northern Illinois Special Recreation Association, may be necessary to determine what sort of accommodation is needed. Some of the supports available can be, but are not limited to a one-on-one aide, sign language interpreter, rule modification, or supply adaptation. We ask that participants give us at least two weeks prior to the activity starting, more, if possible, to best evaluate and accommodate your need. All participants must meet the Essential Eligibility Guidelines explained on the previous page. We offer a recreation-based program, and our staff are trained to assist, redirect, refocus, and help individuals participate in the activities offered in our program. Our staff are not clinically licensed or certified and accommodations are based on the abilities of our staff to work with the needs of the participant. We will work with parents in the initial evaluation and on an ongoing basis if there are concerns about appropriate care. We want to ensure that your child is in the best place for their respective needs. Unfortunately, depending upon the level of personal care needed, our staff may not be the most qualified for your individual situation.

### **BEHAVIOR MANAGEMENT PROCEDURE**

All participants are expected to exhibit appropriate behavior. The following guidelines have been developed to help make children's programs safe and enjoyable for all participants. Additional rules may be developed for specific programs as deemed necessary by staff. Any rules, directives, or orders from local, state, or federal officials, implemented either temporary or permanent, for the safety of participants and employees must be followed.

Huntley Park District insists that all participants comply with the following basic behavior code. All participants shall:

1. Show respect to all participants, staff, and volunteers.
2. Follow program rules and take direction from staff.
3. Refrain from using abusive or inappropriate language.
4. Refrain from threatening or causing bodily harm to self, other participants, or staff.
5. Show respect for equipment, supplies and facilities.
6. Not possess any weapons.

### Discipline

A positive approach will be used regarding discipline. Staff will periodically review rules with participants during the program session. If inappropriate behavior occurs, a prompt resolution will be sought specific to each individual's situation. The Huntley Park District reserves the right to dismiss a participant whose behavior endangers his or her own safety or the safety of others.

### Procedures

Upon registration or entry into the program, the parent/guardian should be solicited for any information regarding special accommodations needed for the participant. Also, the inclusion coordinator from the Special Recreation Association (SRA) should be contacted for guidance. Documentation should be maintained regarding any problem behaviors, special accommodations, and behavior modification programs.

If any participant exhibits inappropriate actions, the following guidelines should be followed:

Program leaders should determine the severity of the action and immediately take steps to correct it. These may include but are not limited to:

- First occurrence: Verbal warning
- Second occurrence: Time-out. (Approximately one minute per age.)
- Third occurrence: Loss of Privilege. Conduct Report given. Parent/guardian notified.
- Three Conduct Reports: The Recreation Manager will contact a parent or guardian to request a meeting (in person or over the phone as necessary) to discuss disciplinary problems and solutions.

**\*NOTE\*** Any violent, physical or threatening actions may receive an immediate conduct report and may result in a suspension from the program. The Park District reserves the right to suspend/dismiss a participant whose behavior endangers the safety of themselves or others, continues to violate program rules (intentionally or unintentionally) and/or if inappropriate behavior does not stop.

Additionally, participants should notify the program supervisor of their absence and the reason for the absence.
